Mats Nilsson, Swedenergy, Arlanda, 14 December 2015

Where is the Nordic process for a coordinated NTC?

Vision 1948

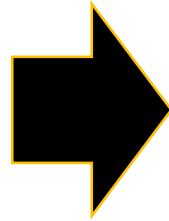

**DO WE GET MORE OR LESS TRADING
CAPACITY AT THE BORDERS?**

Main message -

If it works, don't fix it!

Have we understood the implication?

**EXPERIENCE AND
TACIT
KNOWLEDGE**

**DISCRETIONARY
FORECASTING
MATHEMATICS**

DIFFERENT RESULTS

We are putting more trust in the TSOs -

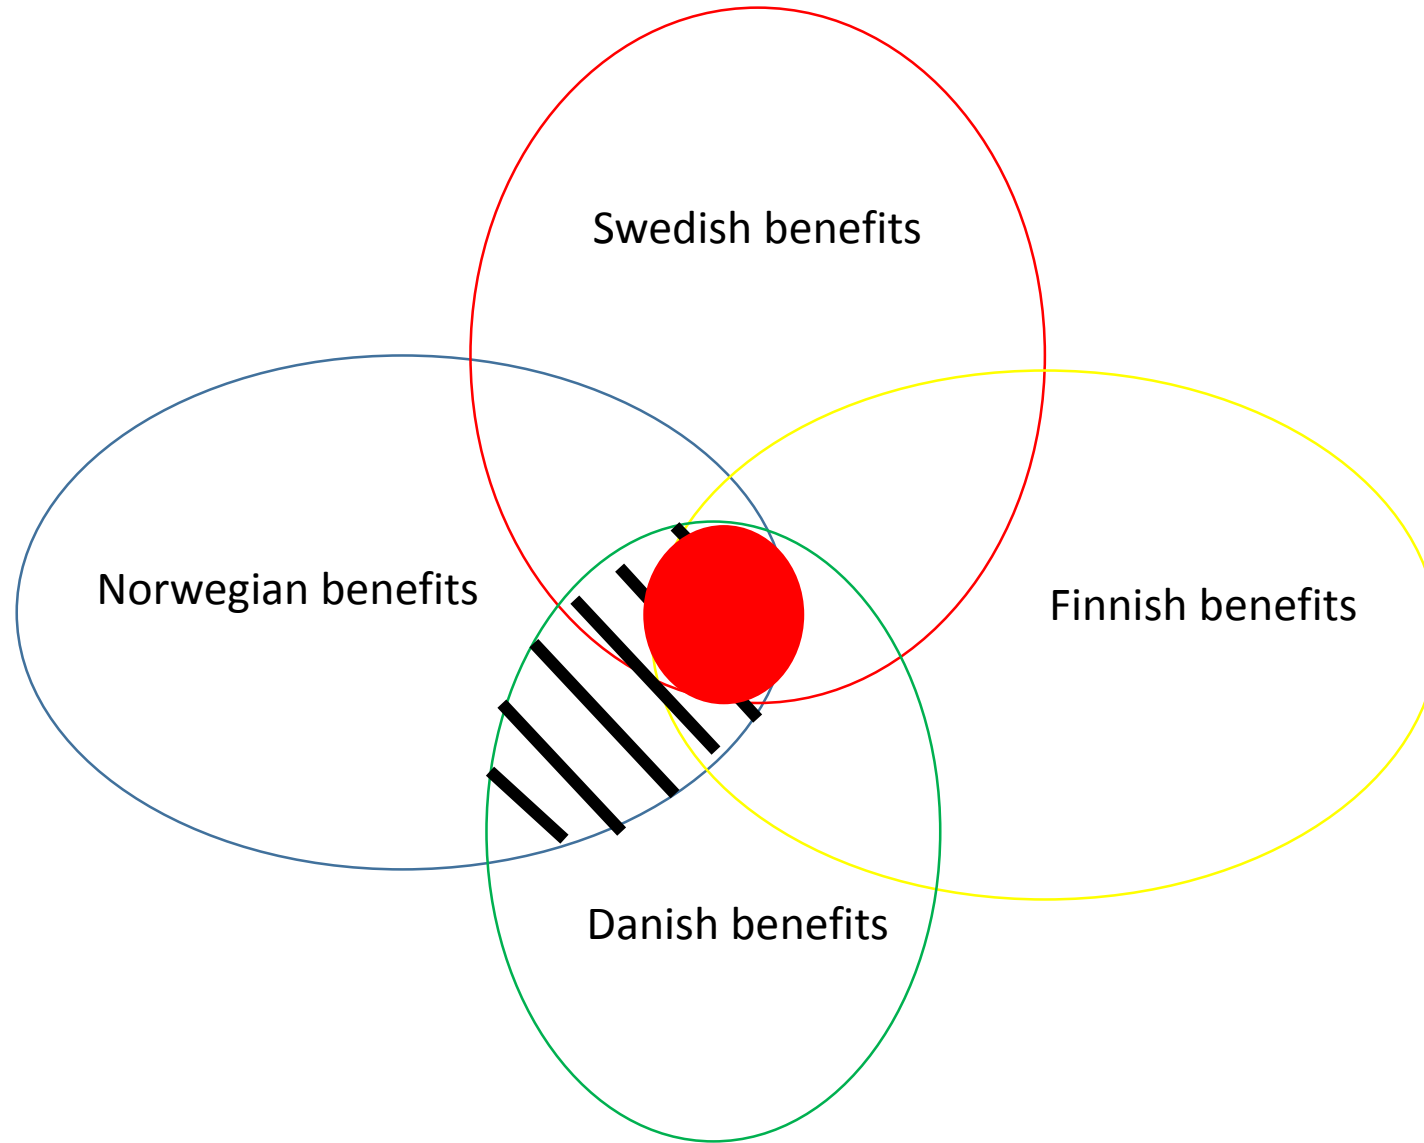

**DO THE REGULATORS HAVE THE SKILLS,
RESOURCES AND TOOLS TO MONITOR?**

**THE MONITORING IN THE NTC-WORLD
IS SIMPLE AND STAKEHOLDERS CAN ALSO
PARTICIPATE AND POINT TO WRONGDOINGS**

**THE MOVE FOR PLANNING SEEMS TO MOVE FROM REAL
TIME WHEN ALL OTHER MEASURES AIM TO MOVE CLOSER...**

**INTRADAY HAS ALL BUT COLLAPSED WHERE
FLOWBASED HAS BEEN IMPLEMENTED...**

NORDIC WELFARE WITH NATIONAL CONSTRAINTS?
